**PEONIES TO ENHANCE YOUR 1960 GARDEN**

Glorify the garden with Peonies next June. They require little of special care (planting, not too deep; manure, not too fresh) and a sheet of cultural directions is sent with each order. Give them a winter blanket and they will repay you dividends of color, mass, and texture. There are 3-5 eyes to each full grown plant that has bloomed here for one or two seasons

This Fall Supplement is not a full list of our stock. It is designed to call your attention to such plants and bulbs as are best set in autumn.
